MYSTERIOUS TRAGEDY AT AN ISOLATED MINE

SAN BERNARDINO, Cal. Oct. 3.—
William McKee, a nulning man, shot and probably fatally wounded Dr. N. Kuhns of Los Angeles and another miner, whose name could not be learned, at Rose Mine, an isolated camp in the San Bernardino mountains, fifty miles from this city, yesterday afternoon. The sheriff was notified and has left for the scene.

The tragedy was the result of a dispute over mining claims, according to meager details obtainable here. Through a pair of field glasses the shooting was witnessed by Al Watts, caretaker for the Rose Mine property, who was on a hillitop a long distance away. Dr. Kuhns and the other victim were in a wagon, and when McKee opened fire upon them thay fell off the seat. McKee, it is said, then walked up to the prostrate forms and fired an additional buillet into the

WOMAN FIRST ACCUSES, THEN RETRACTS HER STORY

BELFORD, N. J., Oct. 9.—The body of a seven-year-old boy, which was washed ashore here last Tuesday, was identified today as that of Harold McCloud, who disappeared from his home in Brocklyn ten days ago. Later, Mrs. McCloud told the coroner she was certain the boy was carried away by his father, who, she said, is a well-known lawyer, who is about to be married to a wealthy weman in New York. She had known that man before she met Alexander McCloud, she said, and it was as a result of McCloud learning of this acquaintance that he left her less than a year after their marriage. It met this man in a Brocklyn theater more than seven years ago," she told the coroner. "He was a student in Columbia university then. Less than a year after my boy was born he deserted me."

Mrs. McCloud later in the day said she had abandoned the theory that he boy had been carried away and murdered, saying she believed he had been accidentally drowned.

By Terrible Eczema-Head Became a Mass of Itching Rash and Sores -Would Scratch Till Blood Came - Much Money Wasted in Fruitless Treatments-Disease Was Soon

CURED AT SLIGHT COST BY CUTICURA REMEDIES

"Our little girl was two months old when she got a rash on her face and within five days her face and head were all one sore. We used different remewhen she got a rash on her face and within five days her face and head were all one sore. We used different remedies but it got worse instead of better and we thought she would turn blind and that her ears would fall off. She suffered terribly, and would scratch until the blood came. At night we had to pin her hands down. This went on until she was five months old, then I had her under our family doctor's care, but she continued to grow worse. He said it was eezema. When she was seven months old I started to use Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, and in three weeks — what a change! I kept using the Cuticura Remedies for two months and our baby was a different girl. You could not see a sign of a sore and she was as fair as a new-born baby, and all for the small cost of a dollar and seventy-five cents where we had spent ten times the money for doctoring. She is now two years old and has not had a sign of the eczema since. Mrs. H. F. Budke, R. F. D. 4, LeSueur, Minn., Apr. 15 and May 2, 1907."

"I broke out with a humor which spread almost all over my body. The itching would get worse on retiring, so I could not sleep. I tried several remedies but it grew worse until I got some Cuticura Seap and Cuticura Pills which began to relieve me at once. By the time I had used one vial of the Pills, the humor was entirely gone. I wish every sufferer could secure the Cuticura Remedies. Travis Bates, Hamburg, Ark, April 26, 1907."
